Dear Sir:

I have just received your letter offering to lecture on "Emerson". I should judge from the notices you send that the lectures are very entertaini but I am sorry that I cannot extend you an invitation to lecture in Toronto. The only time that would be suitable for us would be in the month of January or the first half of February. Our University opens in the last week of September, but it would not be practicable to begin lectures so soon.

Yours sincerely,

President.
